June 6, 2011

Dear Tom Rombach,

I can not thank you enough for offering the Pro Grass Maintenance Program for our Pro Grass Turf. When I began the process to purchase a Synthetic Turf Field seven years ago I did not know much about synthetic fields. I felt Pro Grass not only offered the best product but observed during the installation, the detail and pride the Pro Grass employees had in providing Connellsville Area School District a beautiful Athletic Facility. Over the past 7 years, Pro Grass has been available when I was in need of repairs, you care and provide service to your product long after you have made the initial sale.

The new Maintenance Program has restored life to our field and the service and knowledge of Russ Piper is second to none. The work ethic and pride these gentlemen have in their product is evident by the effort they provide to the customer. Our field looks great and I will be using this service annually to insure the maximum life of to our field.

Sincerely,

James J. Lembo  
Director of Transportation & Athletics
